

MESSINES BEE FARM

BEE EDUCATION COMMUNITY SESSIONS

Messines Bee Farm is a beekeeping family business that sells honey products, relocates swarms and runs educational workshops.

We love sharing our knowledge of bees with people young and old – sparking **curiosity** and **joy** with **engaging, hands-on** learning experiences.

We are passionate in teaching the importance of bees, their role for our planet, the plight they are facing and what we can do to help. 🐝

Our 1 hour community presentation:

Is our most popular experience. It involves a one hour session where we present and help participants discover

- Types of bees (native/introduced)
- Bee lifecycle
- Roles of bees
- How to respond or behave around bees
- Bees role for our planet and the plight they are facing
- What we can do to help
- Demonstration of beekeeping suit, equipment & hive
- Observation frame with a clear panel – participants observe a real hive in action
- Honey tasting
- Smell and touch beeswax
- Question and answer session

A little bit about us:

Tony has been beekeeping for 6 years, both his Grandfathers were beekeepers, back in the days when the only protection you wore was a veil! Tony has inherited their pioneering spirit and love of bees.

Jay has been teaching for over 16 years. She combines her love of teaching with her passion for bees she designs and presents educational incursions for school aged children and community groups.

Pricing: \$250.00 – one hour presentation

Travel fees may apply – AM and PM sessions available
